

MEMORANDUM
FEBRUARY 8, 2018

TO: BOARD OF DIRECTORS

FROM: RAY TENNEY, P.E. & KEM DAVIDSON

SUBJECT: CONTRACT APPROVAL REQUEST FOR RAINDROP WATER FOR SERVICE TO WOLFORD MOUNTAIN RESERVOIR IN 2018

ACTION: Staff Requests the Board Authorize the General Manager to Execute an Agreement with Raindrop Water for Water Deliveries and Water Storage Tank Service for 2018

STRATEGIC INITIATIVE(S): None

Potable water for the shop and campground facilities at Wolford Mountain Reservoir is provided by an onsite water system which is fed from storage tanks filled with trucked water. The storage tanks are cleaned each spring before the first of the year fill. Water deliveries are requested by River District staff when tank levels warrant. Several deliveries are made just before winter as access to the tanks is difficult in the winter.

Each of the last couple of years the District has entered into an agreement with Raindrop Water for \$35,000 which provides sufficient funding for water deliveries and for tank cleaning, plus any minor tank repairs. Staff requests the Board authorize the General Manager to execute an agreement for water delivery and tank service not to exceed \$35,000.
